

Supplemental Evidence of Academic Activity

Name: _____ Student ID: _____

Email: _____ Phone Number: _____

Term: _____ Academic Year: _____

The Department of Education requires that UC Davis verify that all students receiving aid began academic activity for their registered courses. There are a number of manual and automated mechanisms used to verify students' participation in their classes. If Financial Aid and Scholarships cannot determine a student's academic activity, then students may submit supporting documentation for all courses attended as supplemental evidence for review.

Examples of supporting documentation include, but are not limited to

- A screenshot of Canvas for all courses with any type of score/grade posted.
- A signed and dated letter on department letterhead.
- An email from an instructor confirming attendance or participation, on or after the first day of instruction.
- An email from a Teaching Assistant(s) confirming the student submitted homework or took a quiz, test, etc., and an accompanying syllabus to verify the assigned TA.

Instructions:

Complete and submit this form, along with any supporting documentation for all courses attended, to your [Financial Aid Office](#) as soon as possible.
